I have received your email. Unfortunately my husband and I have been

Good morning Ms. Ford,

Your request has been received by the DCRA FOIA Office and assigned FOIA request #2022-FOIA-09967. Please use this number in future correspondence with DCRA regarding your FOIA request.

Your FOIA request seeks email correspondence. This request for emails was directed to the DC Office of the Chief Technology Officer (OCTO), which searches all DCRA emails for records responsive to email search requests.

Pursuant to DC Code § 2-532(c)(1) a public body has within 15 business days of the receipt of any request received to respond to that request. Agencies may extend the time for a response by an additional 10 business days for unusual circumstances, as defined by DC Code 2-532(d)(1). When an agency needs to search for and collect responsive records from another entity separate from the office processing the request, that agency is allowed to utilize the 10 day extension. Since the DCRA FOIA Office must submit your request to OCTO in order for a complete search to be conducted, this email serves as notice that we are utilizing the 10 day extension in order for OCTO to complete a search for emails responsive to your FOIA request. With the extension, you can expect a response from DCRA to your FOIA request by October 28, 2022.

Best,

Dear Ms. Ford:

The D.C. Department of Buildings (DOB)¹ is in receipt of your request pursuant to the District of Columbia Freedom of Information Act (FOIA), which was submitted to DCRA prior to October 1, 2022. Specifically, you requested:

Any and all electronic, written correspondence, emails and texts (including all attachments thereto) from Richard Holowchak to the Office of Zoning Administrator (OZA) within the Department of Consumer and Regulatory Affairs (DCRA) and/or it's Administrator, Matthew Le Grant, and/or his staff sent and/or receipt from January 1, 2020 through December 31, 2020. (Date Range for Record Search: From 01/01/2020 To 12/31/2020).

DOB searched its records and found five emails responsive to your FOIA request. These emails are being released to you with redactions. Enclosed are the records.

It is the public policy of the District of Columbia government that "all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees." D.C. Official Code § 2-531. In aid of that policy, the D.C. FOIA statute creates the right "to inspect ... and ... copy any public record of a public body . . ." D.C. Official Code § 2-532(a). The right created under the DC FOIA to inspect public records is subject to various exemptions that may form the basis for denial of a request. *See* D.C. Official Code § 2-534.

¹ Pursuant to the Department of Buildings Establishment Act of 2019, on October 1, 2022, DCRA ceased operations and the Department of Buildings (DOB), and the Department of Licensing and Consumer Protection (DLCP) began operations. Starting October 1, 2022, FOIA requests must therefore be submitted to either DOB or DLCP.

Exemption 2

Under D.C. Official Code § 2-534(a)(2), information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy is exempt from disclosure. Information of a personal nature, personal email addresses, was found within documents responsive to your request; therefore, the appropriate redactions were made to prevent disclosure.

This determination was made by Erin Roberts, FOIA Officer, upon review of all records maintained by DOB. If you disagree with this finding, you may file an administrative appeal or seek judicial review.

Appeal Rights

Pursuant to D.C. Code §2-537 and Title 1 of the D.C. Municipal Regulations (DCMR) §412, you may file an administrative appeal or seek judicial review in the District of Columbia Superior Court if you are dissatisfied with a public body's response to your request. Administrative appeals are submitted to the Mayor. If you submitted your FOIA request via the Freedom of Information Act Public Access

Website, you may submit the appeal by logging on to your account via FOIAXpress. An appeal may also be submitted by mail or email. The appeal must include a copy of the original request as well as a copy of the public body's written denial letter issued to you, if any. In addition, the appeal must include a written statement of the arguments, circumstances, or reasons in support of the information sought by your request. The appeal letter must include "Freedom of Information Act Appeal" or "FOIA Appeal" in the subject line of the letter as well as marked on the outside of the envelope. Dear Mr. Le Grant:

I am following up my email to you two days ago. I represent Ms. Carol Howell, a party opponent, in BZA Case Number 20543, which is currently set for hearing on April 20, 2022.

Your email of August 9, 2021 has been entered to the record in this matter, but the attachments you reviewed, and the initiating email of Richard Holowchak, Contractor was not.

Mr. Sullivan, who represents the Cargills (applicants), has advised me that "[T]he question of the grant of minor deviation from the Zoning Administrator is not before the BZA, and not part of the BZA case."

Given this, my client requests that because your email addressed the grant of minor deviation, it be removed/stricken from the record in this matter. Would you kindly contact BZA and ensure that your erroneous email is removed from this case to prevent confusion, and to have an accurate record?

I will formally request the removal of your email at the hearing, but since you are the originator of the email, I am requesting your assistance in this matter.

Thank you in advance for your prompt attention.

For the record, Mr. Hall, it is not an erroneous email, and nobody ever said it was. And we would not oppose your request to strike it from the record. As I have stated before, it's meaningless for the BZA case. OP asked for it, so we filed it.

Thank you for your reply.

Did OP tell you why they were requesting the email, if it has nothing to do with the relief sought? Who in OP requested it be filed, and when? Were the attachments provided OP?

My client believes this raises additional concerns regarding the information OP relied on in making their report.
